About Walton Options

Walton Options for Independent Living, Inc. is a private, non-profit, non-residential Center for Independent Living (CIL).

Established in 1994, Walton Options provides services and resources to help people with all types of disabilities live independently within the community.

We believe all persons, including those with disabilities, should be able to participate in community activities with education, employment, and recreation being accessible for all.

We understand our consumers because the majority of our staff and board are people who themselves have a disability.
