

PROVIDER DIRECTORY 2024

GVRA

Dear Georgia Vocational Rehabilitation Client Services Staff and Clients,

Georgia Vocational Rehabilitation Agency (GVRA) is happy to share this list of approved providers for FY24. The Directory contains information on all GVRA Providers who have a current year GVRA Service Agreement.

Please note that some of the providers are located out of state and some of the providers have multiple locations within the state. For FY24, some providers have been converted to vendors due to low utilization, so they are not listed in the directory. However, if their services are needed you will be able to use them. While counties where services are currently delivered are listed for providers in the directory, many providers have indicated a willingness to travel to other parts of the state if they receive a client referral.

The services listed have been approved for each provider. However, a provider may add or delete a service from their agreement at any time. We are committed to keeping the Provider Directory up to date so that counselors and clients have access to current information. Many providers were approved to deliver some services virtually during the pandemic of COVID-19. However, as much as possible, we are encouraging services to be delivered in person. Virtual service delivery will be handled on a case-by-case basis at the discretion of the counselor.

The Provider Directory was created following a comment received from a client. Therefore, we especially hope that our GVRA clients find this tool helpful.

The current Provider Directory will be available on the Agency's website at www.gvs.ga.gov.

Comments and/or feedback on the directory can be submitted to providermanagement@gvs.ga.gov.

Thank you for your partnership.
